

STEVEN WIGGINS

101 Kindletree Ct. Apt #2F

Cary, NC 27513

(919) 627-7508

guesswho@stevenwiggins.net

My Goals:

- Work with fun, talented people to make awesome, standards-compliant websites and web apps
- Learn at least one new language or platform every year
- Continually push the limits of what my users can do
- Create or contribute to open web services that make life a little more interesting
- Foster knowledge, teach skills, and promote user education
- Level up my Javascript-mojo: it needs to be 20% cooler

What I Do Best:

Technologies

Front-End Development	Back-End Development	Version Control
JavaScript	MySQL	SVN
HTML5	Coldfusion/Railo	Git
CSS3	PHP	
	Node.js	

Frameworks

Fusebox	CodeIgniter	WordPress
---------	-------------	-----------

Libraries

jQuery	jQuery UI	jQuery Mobile
Modernizr	HTML5 Boilerplate	Zen Coding/Emmet
Mustache.js	YUIDoc	Grunt

Software

Adobe Photoshop	Adobe Fireworks	The GIMP
Eclipse/Aptana	IntelliJ WebStorm	MySQL Workbench
PuTTY	Microsoft Office	OpenOffice

Skills

Site speed optimization	Cross-browser compatibility
Standards-compliant code	CMS creation and integration
Email template cross-client compatibility	Command line Linux server administration
Windows IIS server administration	Mobile site design/construction
DNS management	Responsive design
Merchant Gateway integrations	PCI compliance
API creation/integration (SOAP/REST)	Section 508 accessibility compliance
Accessible, extensible JavaScript	jQuery plugin creation
Customer education and training	DSLR photography
Fast skill acquisition
